

Important System Upgrade Information

Beginning on the evening of Friday, March 26th until Sunday night, March 28th, we will be performing an important system upgrade to our internal processing systems. Please be aware of the following changes and plan your financial transactions accordingly:

- All of our branches will be closed during this time, including:
 - E*teller access, including Bill Pay
 - Touch Tone Teller phone access
 - And all Service Center locations
- After the upgrade, E*teller will have a new look, but will be accessed with the same password information.
- Account numbers, passwords, and credit card numbers will remain the same, but pay special attention to suffixes and loan numbers within your account, they may be different.

We are confident the upgrade will allow us to better serve your financial needs in the future. We appreciate your patience during this time and while members of the staff are becoming familiar with the new system.
